LASTING IMPRESSIONS

Do all the good you can,
By all the means you can,
In all the ways you can,
In all the places you can,
At all the times you can,
To all the people you can,
As long as ever you can.

PRESBYTERIAN COLLEGE PAC SAC
2003

Opening

The new Vice President of Student Life, **Dr. McDonald**, finds time to meet with students and see what ways he can assist each one.

Being one of the new additions to the Biology department, **Dr. Troy Nash** instructs his students during lab.

David Lindsay sits at his desk responding to the many emails that fill his box daily.

New Faces

Chaplain David Lindsay and his wife Emily

My time here at PC has been, "Exhaustingly wonderful! I have met so many fantastic folks and have been thrilled by the warm and welcoming response shown toward Emily and me. We feel that this is quickly becoming a home for the Lindsays."

Dr. Bill McDonald

My time here at PC has been, "Great! The high expectations of having a good experience at PC have already been surpassed. Students, faculty and staff have graciously welcomed us and allowed us to quickly become part of the PC family."

Senior Karan "Scooter" Simon states, "It's really cool to have a place to call your own, kind of like reality." The Senior Hall allows a bigger fridge and more living space than the typical 16' x 19' closet.

Students and faculty alike are excited about the newest addition to the PC campus-- Bailey Memorial Stadium. There have been improvements from the sound system to the seating quality and quantity.

New Places

Since PC's population has hit a boom, new housing is necessary to accommodate PC's requirement that students stay on campus.

Proudly housing the world's largest bronze statue, Bailey Memorial Stadium opens its doors just in time for the Homecoming game.

O r i e n t a t i o n

"So ...

be your name
Buxbaum or
Bixby or Bray
or Mordecai Ali

Van Allen
O'Shea, you're
off to Great
Places! Today is
your day! Your
mountain is wait-
ing. So... get
on your way!

-Dr. Seuss

Sloan Ellis and Elizabeth Hale cannot believe all the stuff the new students brought. (Note the UHAUL in the background.)

Anoley Stewart, Blair Seymour and Katie Parker contemplate having another go at the shaving cream station.

Soan Bragan helps direct the new students as they arrive on campus.

Katy Becker, Rebecca Carpenter and Sarah Andrews find the best seat in the house for the variety show.

Loello Blackburn and Millie Franklin get cute fabric for the toga party at Walmart.

Wanda Copeland and Dr. Bill McDonald offer their help on move-in day.

Chase McCuo is hardly recognizable after the traditional shaving cream fight.

The most memorable part of orientation was...

"...Saturday because, after I felt like a glass of chocolate milk at field day, I got to hang out with my cool Hoes leaders, Matthew and Abbie, at Dempsey's and I got to go to a toga party and dance with all the cute guys I had stared at all week." -Blair Seymour

"...getting in the fountain after the shaving cream fight."

-Daniel Alderman

"...jumping in the fountain after field day because it reminded me of Friends."

-Sarah Holwig

"... the feeling of anxiety before beginning the school year. The fear of messing up in college has been prevalent for my parents and me ever since high school graduation.

However, the friendly atmosphere of orientation has set me straight so far." -TQ LeBlanc

Special

Weekends

Whether for the trip home or a roadtrip with friends, the gas station is a regular stop for weekend travelers like Emily Hutto.

Amanda Edwards enjoys the brand new Whiteford's restaurant. It's a great way to kick off the weekend.

"If you can stay calm, while all around you is chaos... then you probably haven't completely understood the situation."
~Anonymous

A favorite weekend past time for any student is watching the mighty Blue Hose play in Bailey Memorial Stadium.

It's the weekend, and where do most PC students go to get away from GDH?...El Jal

What's the scoop? Weekend jobs are a great way to earn some extra cash.

To get away from the hustle and bustle of Clinton, some PC students like to go to extremes.

What does the weekend mean to you?

"I catch up on my sleep and homework. And I hang out with friends. I try to avoid GDH."
-Kim Munkors

"There is more time to relax and more time to see my friends and family."
~Carolyn Kock

"On the weekends, I'm either on RA duty making sure there is no trouble in the dorm or getting into trouble with my friends."
~Ruth Ingram

"I look forward to the weekends so I can have fun and forget about the stress of school."
~Erin Gaston

Each of us can look back upon someone
who made a great difference in our
lives, often a teacher whose wisdom or
simple acts of caring made an
impression upon us at a formative time.

In all likelihood, it was someone who
sought no recognition for their deed,

their hand, another's life had been

Sigma Sigma Sigma

Sigma is...love...friendship...support...laughter...comfort...a way of life.

Since its founding in 1898 at Longwood College in Farmville, Virginia, Sigma Sigma Sigma has strived to uphold its Declaration of Principles in everyday life. The Epsilon Pi chapter at Presbyterian College was set into action in 1990. Since then, the sisters of Sigma Sigma Sigma have made all efforts to maintain the ideals of the sorority: scholarship, service, and sisterhood.

The Robbie Page Memorial Fund is Tri Sigma's principle philanthropy project. The fund benefits play therapy for hospitalized children. Sigma travels annually to Chapel Hill, NC to volunteer in the RPM play room. Sisters enjoy the time with the children, and it brings joy to our hearts knowing that we are helping the children through their difficult times.

Epsilon Pi also volunteers at the Attention Home in Rock Hill, SC. Although it is sad to know of the stories of children that stay there, it is heartwarming to know that we are making a difference in their lives!

Along with their philanthropic involvement, the sisters of Sigma pride themselves on their strong sisterhood. Sisters go on a sisterhood retreat each year where they have fun participating in sisterhood activities and building closer bonds with each other.

Another great aspect of Sigma Sigma Sigma is the diversity among the sisters. Epsilon Pi has members majoring in every department on campus, from education and psychology to music and biology. Sigma's members are not only active on campus with FCA, SVS, MSU, and other various organizations, but sisters are active in the community as well. From tutoring and mentoring at local schools to volunteering at local nursing homes and daycares, Sigma sisters enjoy giving back to the community.

Sigma Sigma Sigma is a true definition of sisterhood. The values of Sigma are faith, hope, and love, and sisters make these values their highest priority, even after graduation when they enter alumnae life. All members of Sigma Sigma Sigma across the world live out Sigma's motto, 'Faithful Unto Death' everyday!

The sisterhood of Zeta Tau Alpha began back in 1898 at Longwood College in Farmville, Virginia. Since then, the tradition of excellence has continued with the Zetas here at Presbyterian College.

The Zetas are proud of their diversity and involvement on campus. Sisters are involved in various campus organizations such as SVS, SUB, SGA, FCA, and numerous honor societies. In addition, many of our sisters are members of athletic teams. It is this involvement, along with excellent programming, service, and fundraising, that earned the Kappa Beta chapter numerous campus awards and awards from our International Office.

Zeta Tau Alpha's philanthropy is the Susan G. Komen Breast Cancer Foundation. Each year the sisters travel to Greenville, SC and participate in the Race For the Cure to support their philanthropy, which personally touches so many each day.

The 2002-2003 school year continued the tradition of growth and improvement for the Legion Of Honor. The brothers of Sigma Nu were pleased to gain 16 men from rush who will exhibit the principles of love, truth, and honor. They will join the Zeta Theta chapter to take part in service, social activities, and most importantly, brotherhood. Sigma Nu maintained its role of providing service to the community by contributing through events such as the Halloween carnival for the children of Thornwell and the CHAMPS program. On the other side of the spectrum, the Sigma Nu's definitely enjoy throwing a party. The fall semester was marked by a 70's party, Homecoming weekend, and a Christmas party. The spring semester was equally packed with good times ranging from the Cupid's Revenge Valentine's party, the Whitestar weekend retreat to Charleston, and the end-of-the-year Player's Ball with Phi Beta Sigma. The Sigma Nu house will always be the place where everyone is welcome, and the good times never end (even at 7:00 in the morning). Where else can you see a person prancing around in a clown suit for no particular reason or play Ms. Pac-Man until the sun comes up?

Dear Emilie,

We know that children are one of God's precious gifts to parents, and we feel that we have been blessed having you as our daughter. We have truly enjoyed this adventure with you for almost 22 years.

Thanks for all the memories—going for walks in the fall to collect leaves, picnics in the summer at the park, watching you “swinging” and “singing” in our backyard, “teaching” your dolls and your little sister while “playing” school, going to the Prom, and the list goes on. There’s been much joy and laughter with some tears, but through it all we’ve seen God’s hand on your life. He has helped you to grow into

the beautiful, mature young woman that you’ve become. We are confident that, “He who has begun a good work in you will perform it until the day of Christ Jesus.” (Philippians 1:6)

*We are so proud and love you very much,
Mom, Dad, Annette, and GaGa*

The Road of Life

At first, I saw God as my observer, my judge, keeping track of the things I did wrong, so as to know whether I merited heaven or hell when I die. He was out there, sort of like a president. I recognized His picture when I saw it, but I really didn't know Him. But later on when I met Christ, it seemed as though life were rather like a bike ride, but it was a tandem bike and I noticed that Christ was in the back, helping me pedal. I don't know just when it was that He suggested we change places, but life has not been the same since. When I had control, I knew the way. It was rather boring, but predictable...it was the shortest distance between two points. But when He took the lead, He knew delightful long cuts up mountains, and through rocky places at breakneck speeds. It was all I could do to hang on! Even though it looked like madness, He said, “Pedal!” I worried and was anxious and asked, “Where are you taking me?” He laughed and didn't answer, and I started to learn to trust. I forgot my boring life and entered into the adventure, and when I'd say, “I'm scared,” He'd lean back and touch my hand. He took me to people with gifts that I needed, gifts of healing, acceptance, and joy; they gave me gifts to take on my journey, my Lords and mine. And we were off again. He said, “Give the gifts away. They're extra baggage, too much weight!” So I did, to the people we met, and I found that in giving I received, and still our burden was light. I did not trust Him, at first, in control of my life. I thought He'd wreck it; but He knows bike secrets, knows how to make it bend to take sharp corners, knows how to jump to clear high rocks, knows how to fly to shorten scary passages. And I am learning to shut up and pedal in the strongest places, and I'm beginning to enjoy the view and the cool breeze on my face with my delightful constant companion, Jesus Christ. And when I'm sure I just can't do it anymore, He just smiles and says, “Pedal!”

Kaye Odom

Dear Kaye,

I can hardly believe you will soon be graduating from college! It seems like only yesterday we were getting you moved into your dorm room at Belk to begin your freshman year at PC. How quickly these four years have gone by!

I cannot begin to tell you what joy you have brought to my life and how proud I am of you in every possible way. You are such a beautiful, talented young lady, and you touch the lives of everyone you meet with your sweet, gentle spirit and Christian love. I know God has wonderful things in store for you, and I trust you will always let His word be your guide. You are so very special, and I love you more than words can say.

Always,

Daniel Geddings

Daniel,

Wasn't it just last month, you were three, and throwing tantrums in the grocery store?

Could it be that just last week you were five, and people commented, "My, what an active child you have!"?

Then again, it seems it was just the other day that you were ten, and playing soccer in the house with your friend.

(broken lamp)

It seems it was a moment later, you were fifteen, and putting a **WWF** hold on your sister.

I'm sure it was just yesterday, you were eighteen, and getting ready to leave for **PC**. (We could hardly see you through the tears.)

Yet, it is today, and you are graduating from **PC**.

The times have passed quickly. You have brought and continue to bring great joy to your family.

We are proud of you. We love you.

Few will have the
greatness to bend his-
tory itself, but each of
us can work to
change a small por-
tion of events, and in
the total of all those
acts will be written
the history of this gen-
eration.

With the many changes this year has brought to the staff, I could not have published such a wonderful book without the many working hours spent by my staff. I want to say thank you to them for this and especially to my Assistant Editors Emily, Suzanne, Weston, and Bryant. I could not have made it without you all. Another thanks goes to my friends in the Administration building for their support and to the Russell Program for funding our efforts.
